We comfort those in need - One Person at a Time

January 31, 2024

Healthcare Facilities Management Society of NJ Inc.
PO Box 95
Cranford, NJ 07016

To all,

Our mission thanks you so much for your very generous donation of \$1000.00 on January 18, 2024. We have used your generous donation to purchase childrens coats of various sizes to support the Dover, Rockaway and Boonton areas in Morris County, NJ.

The Gellman Foundation has two missions that work together to serve the community. First, Howards Mission Possible is where we purchase, and collect clothing and necessities to distribute to those in need in New Jersey and New York. We are fortunate to be able to reach many people as we have grown over the years. We found that we receive many items that sometimes do not fit the distributions we supply and therefore have worked together with others to start a second branch of the Gellman Foundation. Partners in Charity was created to serve all charities in our giving circle by sharing our resources with one another. Whenever a charity receives items they cannot use, such as food, clothing, and services, we reach out through our network, so no donation is ever wasted by sharing among us. This ensures that every item finds a home and is truly appreciated. We have partnered with many wonderful local charities and resources - so please know that whatever we receive will surely get to someone who truly needs it.

Again, we thank you for your kindness. Your generosity is truly appreciated.

Yours truly,

Deborah K. Campesi
